

Peg Jackson's 18th Annual Pet Photo Day fundraiser for W.E.R.C. was a big hit!

For those who missed the event because their pets were too **BIG to fit in the car:** Peg will be having a photo session for large animals, e.g., horses, goats, cows, etc., later this spring when wildflowers are in bloom. If you're interested in this large animal photo session, contact Ava at 778-7539 or ageddes@merlin.arc.nasa.gov.

A special thanks to all who made Pet Photo Day a success, especially:

1. Peg Jackson who has donated her time and talent for 18 years to benefit the animals at W.E.R.C.
2. Charles Weston and Lesley Miles for hosting Pet Photo Day at The Granary.
3. Leah DeLane and Fast Frame Morgan Hill for co-sponsoring Pet Photo Day and providing professional framing services at a discount.

Please support these great businesses and wonderful people who support W.E.R.C.!
